

Sun in Capricorn (14 Cap 16 09)**Sun in the First House**

The Sun represents will and purpose, the sense of vitality, and the evolving higher Self. In Capricorn it is Cardinal-Earth, and rules the bones, skin and knees. Your ruling planet is Saturn. Capricorn people are ambitious and practical, and have an excellent sense of social responsibility. You are conscious of social mores, to the point of over-concern. Your natural caution allows you to advance slowly and steadily to the top. Capricorn represents the accomplishments of the material: prestige, honor and success in public achievement. However the driving force behind your ambition may be deep-rooted feelings of insecurity or low self-esteem. Life is not easy for those with this sign. You tend to put yourself under enormous pressure to perform, and feel yourself responsible for those around you. You may have suffered from a restrictive early environment, or your aloofness may serve to protect you from close contact with others, which you may fear. You exemplify the values of work in service to the goals of humanity, and your redemption comes from allowing the love you feel to express itself in deeds of kindness. The Sun in the First House represents a concentration of the vital force to be, to act, to initiate. You are enthusiastic and determined, and you have a very strong will. You are likely to be enterprising and ambitious. You radiate an energy which stimulates others to be attracted to you. You may be a strong leader although you must beware of tendencies to dominate those around you. You are likely to have good health and are enthusiastic about life. You perceive life as a challenge. You are inclined to be courageous, to forge ahead of the group, and to be decidedly independent. You seek the freedom of guiding, controlling, or governing your own will power. You can become overbearing and egocentric if you are not aware of other's personal viewpoints. You are at your best when you can demonstrate your own independence in a way that doesn't interfere with the independence of others and may actually demonstrate how others can be more independent themselves.

Moon in Virgo (10 Vir 43 28)**Moon in the Eighth House**

The Moon in Virgo gives a hardworking and well-organized personality. You may appear somewhat reserved. You may appear fussy and overly critical of others, due to a streak of perfectionism in your innermost being. You truly are of service to other people, and you are likely to be well-regarded because of it. You may have a sense of insecurity that underlies your drive for intellectual superiority. You should beware of attempting to change other people for the better, and you should be easier on yourself and others to avoid problems with your health in later life. The Moon in the Eighth House represents an intuitive emotional, sensitive, often psychic, connection with deep-rooted emotional experiences. You are naturally intuitive. You may be interested in knowing about subjects concerning mortality, life after death or other issues concerning death. You may be very psychic or have astral experiences because of your interest in after-life states. You have an innate ability to persevere and concentrate. Your instincts are strong and you can penetrate through deep emotions to perceive other people's motives. You can be emotionally vulnerable, and have a strong need for security. You strive to experience the depths of your being, and are driven by intense love relationships and

affairs. You have a strong urge to protect those you love and you are also likely to be a devoted marriage partner or parent. You may benefit from learning how to be more emotionally detached so that you can use your internal awareness in the world beyond personal interrelations.

Mercury in Sagittarius (22 Sag 03)

Mercury in the Twelfth House

Mercury in Sagittarius gives a keen-witted and idealistic mentality, perhaps lacking in concentration. You have great powers of logic and deduction, but your thought process may be somewhat scattered. You are always visualizing grand possibilities and centering your perceptions on the larger issue, rather than on the details, which may bore you. You are very direct in thought and expression and will say exactly what is on your mind. This gives you a reputation for untactfulness. You can also be impatient and you tend to jump to conclusions. Your thought process is better suited for advocating your position on a particular topic than for cautious investigation of every angle before making a determination, or a commitment. You benefit from developing more of a 'wait and see' attitude. Mercury in the Twelfth House represents a strong mental connection between one's inner awareness and the deep and nebulous realms of magical inner worlds. You have a refined and visionary mentality. With this placement, you are likely to be poetic in the expression of your thoughts and feelings, and you may possess musical ability as well. You are fascinated by the unknowable mysteries of your own inner world. You are inclined to search to the depths in order to sort through your communication with yourself. Mundane reality doesn't interest you. You may avoid dealing with it by being evasive or vague in your communication with others, or you may be prone to day-dreaming or fall prey to self-deception. You are highly sensitive in your reaction to your surroundings, reacting from the unconscious and instinctual level of your mental function rather than the logical level. You may have difficulty in communicating the results of your inner explorations with other people. However, when you have sorted through your most awesome and perhaps even fearsome inner experiences, you can help others who may have difficulties in their own connection with mundane reality.

Venus in Aquarius (16 Aqu 22)

Venus in the Second House

Venus in Aquarius gives a calm and detached affectional nature. You function well in friendships and acquaintances, but you may not be happy in intimate relationships. Your love is broader and more general, and you may be given to spiritual or philanthropic activities. You are an admirer of form and elegance, with an artistic ability toward music poetry or painting. You may have sudden changes in your love life. You could benefit from learning to sacrifice yourself for others. Venus in the Second House represents a deeply felt connection between artistic conception and material form. You have a talent for artistic expression which manifests in a practical way, as in interior design or gardening, or perhaps in its full-on manifestation in the field of the visual or plastic arts. You also may display a fondness for the material things of life, or for their medium of exchange, money and finance. You are also likely to have a well-developed sense of what you value; your moral compass is unerring. It may be right for someone else, but if it not right for you, you won't have any part of it. You possess an earthy and

practical love nature, very ardent and nurturing. This is a powerful placement of Venus, and your emotions are strong and long-lasting. You will always have an abiding sense of enjoyment from music and the arts.

Mars in Aries (6 Ari 19)**Mars in the Third House**

Mars in the Third House (or sign) gives an alert, witty and energetic nature, possibly inclined toward sarcasm. You are adventurous and physically active. You are glib and communicate very well with others, although you may be a better talker than listener. If you have any weaknesses in this area, it is in being somewhat sharp with friends and relatives, or possibly indulging in gossip. You have a natural mechanical ability and do many things well, although you may scatter your attention, and could benefit by learning to focus and concentrate your energies. Mars in Aries (or the first house) gives an independent and positive nature, outwardly directed and ambitious. You possess great strength of character as well as an inordinate degree of self-assertion. You are a formidable adversary reacting aggressively when threatened. You are extremely courageous and enthusiastic, but you can also behave impulsively. You may need to work on a tendency of being too quick to anger, which can cause you problems, or you may also cause trouble for yourself by being unable to compromise, especially if Mars is afflicted in your chart by challenging planetary aspects. You will benefit from cultivating better self-control and a greater degree of unselfishness.

Jupiter in Sagittarius (23 Sag 21)**Jupiter in the Twelfth House**

Jupiter in the Twelfth House (or sign) gives you a quiet and unassuming personality. You are good and kind, very considerate of others, and are friendly and easy-going. You need to feel an emotional sympathy in order for your work to be satisfying to you. You have your own personal code of conduct to which you are true, no matter what public opinion may be, or convention may dictate. You are likely to be fond of cinema, or other imaginative flights of fancy. You may suffer in your life from being overly sensitive to the needs of others, or seek to retire from the casual cruelties of the world at large. There is some danger of escapism. You tend to work behind the scenes, and do not seek personal glorification from your actions, but are content to do what you do because it is helpful to other people. Jupiter in Sagittarius (or the ninth house) gives you an out-going and optimistic nature, very idealistic and high-minded. You are freedom loving, and enjoy travel and adventure. You possess an innate sense of spiritual possibility in ordinary life, and are especially fond of being in natural surroundings. You tend to seek opportunity through education and exploring new horizons, and are constantly expanding your repertoire of skills and knowledge. You are generally quite successful at what you do. You like to take chances, and do not care about security or material rewards. Any work that motivates your ideals will capture your undivided attention, for as long as those ideals are motivated, and not longer. You are devoted to the principles of higher education, metaphysics and philosophy.

Saturn in Gemini (0 Gem 12R)**Saturn in the Fifth House**

Saturn in the Fifth House (or sign) gives a deepening and concentration, or a blocking of the self-expression and feeling nature. There may seem to be a barrier between you

and your self-realization, so that your true feelings are denied outlet. You are likely to be strong-willed and autocratic, and can also appear selfish, or cautious and reserved. There may be a sense of lack of love in your life, or a subconscious desire for recognition. You may even have a physical ailment that prevents total participation in life activities. Your heart-center may need developing. The lesson here is to deepen and particularize the knowledge of who you really are, to discover your true self, make contact with your own inner significance, and learn to love yourself. The following applies to your generation as a whole as well as to you personally: Saturn in Gemini (or the third house) gives a profound mentality, deepening and concentrating the mind and the powers of speech and communication. You are shrewd in business, and are adaptable to a variety of professions. Long hours of concentration can produce a brilliant scholar. You should beware of weakness in the lungs, or a tendency for nervous disorders. You may have subconscious fears of inadequacy in mental pursuits, or a sense of isolation and loneliness. Your lesson is to learn faith in your mental powers and to cultivate a positive attitude toward the frequently untapped power of your mental process.

Uranus in Libra (18 Lib 10)**Uranus in the Tenth House**

Uranus in the Tenth House (or sign) gives an ambitious and willful individual who is rebellious of authority and also somewhat hung up about it. With this placement you are a definite non-conformist. You have a strong imagination and are so sure of yourself that you often cannot be argued out of your opinion, which can be somewhat unique at times. You have the impulse toward prestige and authority, but may find yourself bored with conventional approaches to attain it. You may come into conflict with others over what are perhaps merely ego-gratification issues with worldly success. You do better when your motivation is idealistic rather than for personal gain. Your challenge is to move from a knee-jerk reaction against established authority, or unconsciously seeking the authority of ego gratification, toward establishing your own personal authority, in your own way, to make your vision available to society at large. The following applies to your generation as a whole as well as to you personally: Uranus in Libra (or the seventh house) gives an individual who is independent and original in the expression of artistic impulses and relationships. You are a lover of harmony and beauty, and you express this love in your own unique manner. In other words, you do not subscribe to a conventional sense of the aesthetic, but are always breaking new ground. You are idealistic and philosophical, and you have a restless interest in new forms of stimulation. There can be problems with marriage in that partners may find you alternately affectionate and uninterested. You also bring new concepts to the area of partnership which can help to resolve these difficulties. You are likely to seek a rather unconventional relationship, which allows room for growth on both sides. Your lesson in life may be the transformation of the partnership energy into a new mode of being that can both serve your own interest as well as enliven and invigorate your partner.

Neptune in Sagittarius (4 Sag 15)**Neptune in the Eleventh House**

Neptune in the Eleventh House (or sign) gives a visionary personality with altruistic ideals. You are popular, and may have a wide circle of friends. On the other hand, you

may have problems to be worked through with deception in friendships, or confusion regarding a friend's true motives, or issues of using social interaction to escape other responsibilities. Your social sense is highly developed. You also have a tremendous and positive vision of your own possibilities and those for society at large. If Neptune is not well-aspected in your chart, you may have difficulties to work through regarding the practical fulfillment of your ideals. At your best, you are compassionate toward your fellow-man, and are a helper in the emerging new-age world, based on humanitarian ideals of universal brotherhood. The following applies to your generation as a whole as well as to you personally: Neptune in Sagittarius (or the ninth house) gives an impressionable, idealistic and very intuitive personality. You are inclined to the mystical, and are high-minded, seeing life in terms of visionary and poetic feelings, rather than in practical terms. You are capable of great belief in the unknown and unproven. You have a desire to explore and travel, to try new ideas and experiment with new ways of doing things. You may be attracted to spiritual studies, or psychedelics, as a way to achieve a transcendent state of mystical union with all creation. Your challenge lies in relying on your considerable inner vision to unfold your own unique pathway and to make concrete and real your flights of consciousness to other realms, and bring this vision to society.

Pluto in Libra (2 Lib 03R)**Pluto in the Ninth House**

Pluto in the Ninth House (or sign) gives a thoughtful personality, with a focus on understanding and moral or ethical belief systems. With this placement you may constantly try to discover the meaning of your existence. When you arrive at conclusions regarding your own personal code of ethics you may feel tempted to express these beliefs to others. You must beware of being too dogmatic. You may attempt to coerce others into accepting your own viewpoint or become a zealous spokesperson for a particular philosophy or cause. Your personal understanding may have to undergo a radical transformation in the course of your life, ideally toward developing your own unique ideology based on a more conscious understanding of your own process rather than socially-accepted belief systems received from others. The following applies to your generation as a whole as well as to you personally: Pluto in Libra (or the seventh house) gives a personality with a focus on forming close emotional attachments. You may have difficulties in marriage and partnerships; but there are also great rewards to be gained in this area. You may have a compulsion to be liked by others. You can also become involved in power struggles with partners. You have an attraction toward close attachment with another person, and simultaneously you may have fears regarding such attachments, which you need to overcome. You may have many difficulties to be worked out in these areas, leading to a painful re-examination of goals. Wisdom is required in the handling of close relationships in order to transform the partnership energy into a growing and more conscious act of sharing.

Chiron in Aries (9 Ari 28)**Chiron in the Third House**

Chiron in the Third House (or sign) represents issues regarding developing one's intellect and communicating one's ideas with others. With this placement you may feel an almost compulsive curiosity regarding other people. Your desire is strong to communicate and to explore your world intellectually, but you may feel some kind of

barrier that separates you from others at the same time. These feelings of being blocked in your ability to communicate and to get your point across can even manifest physically as a form of stuttering, or another ailment that prevents clear communication. These may seem physical, but the physical and the mental are so intimately related it really is hard to say. If there is a psychological reason behind difficulties in communicating with others, it is likely to be found in early youth, when it was quite important to communicate with your peers. Perhaps there was some group that you felt cut off from in the casual cruelty of that era, or perhaps you felt that you were not fully accepted by important siblings. In your efforts to be accepted and to get through to others you may overcompensate by seeming very competitive or desiring to be recognized for the extent of your knowledge. Whatever the childhood trauma that continues to give you difficulties in adult life, it is important to try to understand and relate well to your earlier self. If you can learn to love and accept who you were then, as well as who you are today, you will come a long way toward full participation in your communication with others. In your quest for wholeness it is quite possible that you will be drawn to helping others to communicate, perhaps taking on the role of a speech therapist or other helping person in other people's lives. As you begin to fully accept yourself you will be even more able to help others in their particular road to fulfillment also. The following applies to your generation as a whole as well as to you personally: Chiron in Aries (or the First House) represents issues with one's vital force to be, to act, to initiate. With this placement of Chiron, your very sense of who you are may be threatened by disturbing realizations and painful memories. You may have felt belittled and put down in your formative years, rather than encouraged, by the significant adult figures in your life. Even after reaching maturity, you may encounter obstacles that prevent you from reaching your full potential. These difficulties can set up a pattern for failure, in which you operate more from a fear of failing than the expectation of success that breeds confidence for further achievement. One way this may manifest is in terms of acting not in your own behalf, in furthering your own goals, but rather in behalf of the goals of other people, which seem somehow more important or at least get priority treatment. You may keenly feel a lack of achievement in your own life, and compensate by trying too hard to help these others, putting yourself in the background, as it were. As long as these patterns operate more or less unconsciously, they are difficult to overcome, so the first step in surmounting them is to become more conscious of your own pain; acknowledging and discovering more about what exactly went on in the past to make you feel frustrated with your own abilities. At that point you begin to come out from behind your painful experiences and really show yourself. With a more conscious understanding of your own dynamics you can also begin to truly be of help to others, in how they deal with similar issues, as you start to approach them not from a false sense of vicarious achievement, but from a place of true friendship and helpfulness.

N Node in Aquarius (5 Aqu 21)**N Node in the First House**

Lunar North Node in the First House (or sign). South Node in the seventh house or sign. This placement gives you a focus on advancing into your own individual self-hood. Your evolutionary path is to get your own act together, this time around. Throughout your life you will be forced to resolve issues with depending on yourself, versus depending on

other people. In the past, or in past lives, you were focused on others, meeting their needs rather than your own, and depending on them for emotional and material support. Now your life path is calling for you to depend on no-one but yourself. Events may seem to force you into this direction. It is good to remember that outer events can be another facet of the voice of your own inner Self. You benefit from following these directives from your own higher consciousness, no matter how difficult that may prove to be in actual practice. Lunar North Node in Aquarius (or the eleventh house). South Node in the fifth house or sign. This placement gives an individual with a focus on friendships and social groups. Although creativity on a personal level comes easily to you, and working creatively with other people is more difficult, it is the more difficult that you must attempt in this lifetime. In the past, or in previous lifetimes, you were proud of your individuality and of your individual contribution. You may have had an ego attachment to the products of your personal energy, and were on the other hand not very interested in promoting social values or a group ideal. Now, in this lifetime, you find yourself envisioning possibilities for larger social groupings than just yourself and your immediate family. Perhaps the betterment of all of society becomes your focus now. As you develop along your evolutionary path you find that you are ever more future-oriented and socially responsible, for this is the way for you to find your true fulfillment.

**Mercury in strong conjunction
(within 1.3 degrees) with Jupiter**

The strongest blend of the energies represented by these two planets. This conjunction gives a charming, talkative, and clever personality, but you are also somewhat scattered. You also have a tolerant and accepting attitude toward other people which usually makes you well-liked. You may be unconventional in your attitudes and you tend to occupy yourself with multiple interests and explorations. You can benefit from attempting to bring a steady and consistent focus to your many interests and activities, and from recognizing your need for freedom and making space for that need in relationship with others.

**Saturn in strong trine
(within 1.9 degrees) with Pluto**

The planetary energies flow smoothly; the connection is easy and beneficial. This aspect gives a forceful personality with a focus on issues of authority, power and control. You may have the charismatic personal magnetism of a natural leader. It is also possible that occult studies will attract and fascinate you. You may also find yourself with an ambivalence toward power, leading you to demonstrate rebellious attitudes toward established authority. You may seek a position of authority, if for no other reason than to be your own master, and then run into the difficulties inherent in maintaining such a position of authority, once achieved. This can work to your ultimate advantage, since the security of such a position can be a hindrance to necessary growth and transformation. What is needed is a re-evaluation and transformation of the urge for power and control, based on a deeper understanding of and more conscious and socially responsible use of personal power.

**Neptune in strong sextile
(within 2.2 degrees) with Pluto**

The planetary energies flow together, open into new possibilities, new connections. This combination gives an individual with a personal involvement in the energies of the collective. This is a generational aspect, which many of your contemporaries will share with you. You have a subtle intuition and unusually clear insight into others. The influence of the unconscious is especially strong in you. You need to connect with your higher self in order to be happy. You function at your best in service to the world, helping to move it closer to a vision of spiritual union between all mankind.

**Sun in trine
(within 3.5 degrees) with Moon**

The planetary energies flow smoothly; the connection is easy and beneficial. This aspect gives a well-adjusted and stable personality. You proceed with confidence and a sense of well-being to accomplish what you set out to do. You are healthy, optimistic and popular, and look upon life's problems as challenges to be overcome, rather than as obstacles. You have experienced your parents as harmoniously related, and in your own relationships you expect sound communication and mutual understanding. Your family is important to you. You are poised and cheerful, and your creativity flows freely. You should beware of being too complacent or lazy about tackling problem areas in your life.

**Sun in semi-sextile
(within 2.1 degrees) with Venus**

The planetary energies attract each other, require effort, allow entry of new information. This aspect gives an excitable and emotional personality, with cheerfulness and warm affections. There is usually artistic ability indicated, perhaps in music and dance, as

well as a love of refined surroundings. You may appear flighty in your attitudes and your emotions. You are graceful and charming, and are usually well-liked.

**Sun in sesquiquadrate
(within 0.9 degrees) with Saturn**

The planetary energies conflict in determined subtle tension; control is required. This aspect gives a deepening and concentration of your self-expression. You can be strongwilled and determined, or cautious and reserved. There may be a sense of lack of love, and a subconscious desire for recognition. The lesson for you is to deepen and broaden the knowledge of who you really are at the level of your innermost soul, and to really learn to love the person that you find in this process.

**Sun in square
(within 3.9 degrees) with Uranus**

The planetary energies conflict; internal and creative tensions bring rich rewards through effort over time. This aspect gives an eccentric and strong-willed individual. You can be determined to get your own way, and love freedom from conventionality. You are inclined to be reckless, and may periodically start over in your life, completely eliminating previous foundations. You are likely to rebel against the norm, or conflict with others in this area. Because you are unpredictable at times, it can be hard for others to be comfortable with you. You are an original and independent thinker with an active, scientific mind, futuristic in outlook, and are capable of bringing new ideas into being. You are also inclined to be nervous and impatient, and shy away from commitment and responsibility. You can benefit from trying to control your energetic and visionary impulses in order to make these more concretely available in your own life, and in the life of society around you.

**Sun in square
(within 4.8 degrees) with Chiron**

The planetary energies conflict; internal and creative tensions bring rich rewards through effort over time. With this aspect between Sun and Chiron you are likely to experience painful realizations throughout your own life and also have the ability to heal others as well. Chiron is called "the wounded healer" because it represents the archetype of imperfection and loss which when integrated leads to compassion and understanding of others' suffering. The empathy and the understanding that are gained through life's trials provides the ability to serve as a helper and a healer for others. You are more invested in this archetype than most, since it is in a powerful connection with your Sun, representing your conscious self. You have undoubtedly experienced pain and frustration related to your self-concept, perhaps through your relationship with your father or the same-sex parent. There could have been trauma in your early years concerning your parenting or the parental protection which may have been withdrawn too suddenly or misapplied. You may have suffered actual abuse in childhood or perhaps in later years such as in the period of adolescence, when you needed to make the transition to your own adulthood and may have been prevented from fully emerging into a more responsible and complete state due to external circumstances or your own lack of self-confidence. Since you have come through the fires of difficulty you are likely to be someone with career possibilities in the helping professions. It is often easier to face others' troubles than one's own, and you may even be more ready and available to

help others than to help yourself. It is good to integrate your past experiences, no matter how painful they may have been, and no matter how painful these feelings continue to be for you in adult life. Then you will be in a position to truly sympathize with others' suffering and help them to work out their traumas as well.

**Moon in inconjunct
(within 5.6 degrees) with Venus**

The planetary energies do not flow smoothly, one or the other predominates; discrimination must be employed. This aspect gives you a somewhat difficult personality. You are kind and artistically gifted, but you may be hard to live with. You dislike having to act charming in social situations when you may not really feel it, and you have a reluctance to come forward into relationship with others, although you have a good deal of charm when you allow yourself to express it, and can be very popular socially. You may encounter sadness in your life as a result of close personal relationships that go astray. You also may spend your money foolishly, and need to cultivate more respect for its value.

**Moon in inconjunct
(within 4.4 degrees) with Mars**

The planetary energies do not flow smoothly, one or the other predominates; discrimination must be employed. This aspect gives an individual who is easily influenced by emotional conditions. You can be a deep thinker, but you may be intolerant of opinions other than your own. You may appear selfish and demanding at times. You may suffer from a sort of nervous tension, in that you are unsatisfied when you are not in action. You also have a rebellious streak that affects your close personal relationships. You are an analytical and independent thinker with an original, active and even brilliant mentality,

**Moon in inconjunct
(within 1.3 degrees) with Chiron**

The planetary energies do not flow smoothly, one or the other predominates; discrimination must be employed. With this aspect there are difficulties indicated in relating to the feminine - either significant female presences in your life or else and including your own feminine side. This would be true, and different in its sense, in either a man's or a woman's chart. Of course the important early model for the feminine is mother, and it is likely that there was intelligent communication of wisdom and also painful experiences between you. If these experiences become so painful that they are suppressed from consciousness, buried deep in your psyche, in your adult life it is important to move past any resentment you still feel, caused by early wounding in your relationship with the female part, or nurturing influence, of your own nature, so that you can begin to move into a more conscious and compassionate reconciliation with your walled off parts. Once you have begun to make conscious any pain and alienation you may feel surrounding events from the long-buried past, you can begin to truly help others as well as yourself, and let your creative side emerge.

**Mercury in sextile
(within 3.9 degrees) with Uranus**

The planetary energies flow together, open into new possibilities, new connections. This aspect gives an individual who is restless and mentally acute, with an ability to

grasp new concepts quickly. You like to explore new ways of thinking and being. Education is important to you. You are scientifically minded and futuristic in your outlook, and have the ability to think freely, unhampered by conventional attitudes. You may be interested in studying occult realms of thought. You often have flashes of insight, and are able to see things in a holistic perspective. When your intuitive vision is properly harnessed, it can be a great benefit for yourself, and for society around you.

Venus in quintile**(within 0.1 degrees) with Neptune**

The planetary energies are positively linked, subtle, and spiritual in dimension. This aspect gives a charming, generous and idealistic personality. You are likely to have an intense love of beauty and the arts, especially music and painting, and an interest in spiritual matters. You are imaginative and visionary, also compassionate and kind, and can give a great deal without expecting anything in return. You dream of finding the perfect relationship partner, and have high ideals. You benefit from developing a more discriminating attitude toward relationships generally and more confidence in the value of your own process.

Venus in sesquiquadrate**(within 0.7 degrees) with Pluto**

The planetary energies conflict in determined subtle tension; control is required. This aspect gives a magnetic personality with a focus on forming close emotional attachments. You are charismatic and intense, and seek to break through any barriers to close interpersonal relationships, although you may be difficult to satisfy emotionally. There are some problems to be worked out in this area, which may lead you to a painful re-examination of your goals. Wisdom is required in the way you handle close relationships, in order to transform the partnership energy into a growing and conscious act of sharing.

Mars in conjunction**(within 3.2 degrees) with Chiron**

The strongest blend of the energies represented by these two planets. With this aspect you have issues around expressing anger, as well as exerting personal will versus knuckling under to authority. You have enormous energy and endurance at your disposal, although you may appear timid or unsure of yourself, since your power urge is likely to be repressed. It may be that you have had many painful experiences with violence, or potential violence, on the part of someone close to you, perhaps in your early childhood. As a result of these experiences, you may fear the power of your own anger, and seek to placate your opponent in situations where a direct confrontation seems to be brewing. This aspect is the hallmark of a "passive-aggressive" attitude, in which there is hidden aggression under-expressed, rather than any form of direct attack. In fact, it is said that those with this aspect are often very good at eliciting angry behavior from others, while their own hands stay clean. This is because those people you come into close contact with may become the projection point for your own hidden violent feelings that you are failing to directly express yourself. It is often the case that the powerful emotions associated with this aspect hover below the level of conscious awareness in your psyche. As you become more aware of these patterns, you will less and less need to act them out either suppressed with passivity, or with bluster. Another

manifestation of this aspect, perhaps paradoxically, is the ability to lead and be willful, to not take "no for an answer", to be ruthless in accomplishing one's aims. The willful energy of Mars is given a creative boost by Chiron, both in terms of suffering and in a better-integrated personality, in terms of conquest. A still better level of integration produces the self-assured and powerful personality who does not depend on others either to express his or her own desires, nor to be crushed by them.

Saturn in opposition**(within 4.1 degrees) with Neptune**

The planetary energies are polarized; outer events stimulate their interaction; integration is the challenge. This combination gives a clear thinking and discriminating personality. Saturn brings an extremely practical dimension to the visionary idealism of Neptune. You are responsible, compassionate and take social issues very seriously. You may have a musical career or achieve much in the helping professions. There may be confusion in your life regarding restrictions imposed upon you, in which you feel both attracted to the security imposed by such limits, and simultaneously repelled or stifled by these restrictions. You may suffer through many trials before learning to work with both energies in an effort to balance between either extreme of behavior.

Uranus in semi-square**(within 1.1 degrees) with Neptune**
