Gemini people are airy and intellectual, glib of tongue and curious about life and about other people. You identify with groups; you find your identity from within the group. You may be drawn to a collective awareness which has a specific social, humanitarian, religious, or political purpose. You may be a member of one specific group or several. In whatever group or groups you choose, you easily align your ideals and sense of purpose with those of the group collective. Surrounding yourself with like-minded people gives you a sense of security and meaning. You may be vulnerable to losing your personal identity to a group cause or belief system. You can transcend this possibility by placing more importance on creating interpersonal friendships in which you can bond with the persons within the collective rather than the common ideals of the collective. Your sense of group awareness lends you to become a leader within groups. Your intuitive awareness of collective needs, wants, and desires gives you a sense of having a mission in life. Whether a formal leader or an influential friend among a group of friends, your awareness of connectivity impacts those in your circles and opens them to sharing common goals and objectives. You are benefited by identifying your unique attributes as an individual and becoming aware of how you fit within a group dynamic in order to identify your uniquely personal purpose within the collective framework.

emotional life is unfulfilling. You can also be quite generous. Your finances may fluctuate throughout your lifetime as you move through various emotional growth phases. You are an ardent lover, but you may need to develop a sustaining quality to your passion in order for the relationship to last. You can be inconsiderate at times, without seeming to be aware of it. Rather than placing all the emphasis on yourself, you benefit from partaking of the point of view of the other person. Venus in the Tenth House represents a strong connection between artistic impulses, one's values, and prestige or authority. You may seek a profession in the arts. You have a natural grace about you in your dealings with people, so that they automatically respect your stand, which is usually so well thought out that you seem quite sure of yourself. You are also likely to be reserved, and respond to conventional wisdom in the gift of your affection, seldom taking emotional risks. Like persons with Venus in Capricorn, you may feel insecure about giving your love and thus becoming vulnerable to another. You have a natural beauty in the way you manifest in your career or chosen

You could benefit from cultivating greater concern for others. Mars in Sagittarius (or the ninth house) gives a friendly and optimistic nature, spontaneous and impulsive. You are sometimes scattered in the application of your energies, and need to work at being more reliable. You lead a physically active life, and love sports and gambling. You are idealistic, and outspoken and honest with your opinions. You also have a propensity for higher learning. You have a kind of haphazard way of going about things which can get you into trouble, and tend to miss the details, by focusing on "the big picture". You could benefit by learning to slow down and concentrate your energies.

Jupiter in Virgo (26 Vir 06)

Jupiter in the Third House

Jupiter in the Third House (or sign) gives you a charming, talkative, and clever personality. You also tend to be somewhat scattered, with interest in just about anything. You are fond of travel, intellectually enthusiastic and make a good teacher. You are optimistic and changeable. Since you see the value of many different pursuits, it may be difficult for you to narrow down, and you may in fact lose opportunities through lack of an ability to focus. You may speak too quickly, before you have thought a matter through, and benefit from learning to hold off and keep your own council. You should beware of a tendency to superficiality or self-centeredness. Jupiter in Virgo (or the sixth house) gives you an optimistic outlook on everyday life, including health issues and the mundane details of the daily workweek. You are one who is capable of enormous output when you get inspired, and approach the practical necessities of daily existence with a quiet joy and a gentle humility. You are an inspiration to your co-workers although you may tend to get caught up in details and miss the big picture approach at times. Health issues are important to you, but this does not imply ill-health. In an attempt to find the perfect fitness regime you may go to extremes of either abundance or abstinence. You are very determined and can turn small advantages into success over time. You excel in the natural religion of the ordinary, and take a practical and responsible view of life.

Saturn in Taurus (3 Tau 00)

Saturn in the Tenth House

Saturn in the Tenth House (or sign) gives an ambitious and clear-minded individual, with a strong sense of responsibility. You are persistent, careful and calculating, and have a deep urge for mastery and achievement. You are dutiful and may appear grim in your outlook, for you are cautious and rarely take chances. You may have difficulties, limitations or delays in the achievement of your goals, but you usually achieve success in the end. There may have been problems in your early life with finding your own identity, independent of parental figures, and you may in your adult life operate out of a

subconscious fear that if you don't conquer the world first, then it will conquer you instead. When you are at your best, you can transform your struggle from a personal drive for power in the world into a model for others wherein society itself is enlightened. The following applies to your generation as a whole as well as to you personally: Saturn in Taurus (or the second house) gives great loyalty, reliability, stamina and persistence, and a deepening or concentration of the desire to possess, both materially and with respect to loved ones. You are conservative financially, and you may be jealous at times. You are traditional in your approach to life, and a lover of art as well as natural beauty, and the beauty of your surroundings. You can perhaps overrate the importance of material things. You may fear poverty or losing your possessions (which may manifest as a desire for more and more which can never be satisfied) or you may try on the other hand to deny the material in an over-zealous attack on "money as the root of all evil". You may have doubts regarding your self-worth. Your lesson is to find your own true inner worth in terms of your character, your high standards, and your service to others.

Uranus in Virgo (29 Vir 57R)**Uranus in the Third House**

Uranus in the Third House (or sign) gives an individual who is restless and mentally acute, with an ability to grasp new concepts quickly. You are likely to change your focus quite a bit. Education is important to you, and you actively explore new subjects and disciplines, becoming adept at all of them, but perhaps without fulfilling long-term commitments. You may have had upsetting circumstances in the area of early home life or in relations with your brothers and sisters. Your relations with friends and associates are also likely to vary sporadically. You have the ability to think freely, unhampered by conventional attitudes or public opinion, and you can also benefit from developing self-discipline in your mental function. You have a need in your life to create a new basis of understanding with respect to the issues of mental process and communications with others. The following applies to your generation as a whole as well as to you personally: Uranus in Virgo (or the sixth house) gives an individual with a clever and enthusiastic mind, original in thought and action and not comfortable with routine. You are likely to have a scientific and analytical mentality. You can also be impatient with others, or lacking in sympathy for their concerns. You like to change jobs, and you can be a hard worker, if allowed the freedom to work as you feel motivated. You may have to struggle with organizational elements at the expense of performance. You may have health problems, since the Uranian energy is fitful in its application. You also may experience difficulty with keeping things in order, but this can be overcome through persistence. You are likely to be interested in new-age healing techniques. You benefit from transforming your original creative impulse into a more long-lasting and concrete result through concentration and technique.

Neptune in Scorpio (27 Sco 11R)**Neptune in the Fifth House**

Neptune in the Fifth House (or sign) gives a highly creative individual who is helpful and kind. You may be artistic or musical. You are soft-hearted, and you may be perhaps even too willing to sacrifice yourself for the good of others. You may have difficulties in feeling free to assert yourself. You tend to give to your children, without receiving very

much in return. You have a powerful imagination, and can be a good actor both professionally and in everyday life. You also have a creative and healing capacity, which is based on universal and spiritual energies, rather than personal ones. You could benefit by striving to bring your imaginative energies to the world in a form transcending purely personal creativity. The following applies to your generation as a whole as well as to you personally: Neptune in Scorpio (or the eighth house) gives an individual with great personal magnetism. You have a subtle intuition and an unusually clear insight into the motivations of others. You also may unconsciously try to control other people, or you could be somewhat unreliable. Other-worldly affairs may interest you more than everyday ones. You are likely to be interested in psychic matters or occult studies, and should beware of glamorizing such studies for the sake of your own ego. You may have a love of sensual pleasures or luxuries. You may have some confusion regarding sexuality or with what is truly desired from relationships. You benefit from applying greater clarity to your personal values, your relation to the material world and other people.

Pluto in Virgo (22 Vir 26R)**Pluto in the Third House**

Pluto in the Third House (or sign) gives a personality with a sharp and penetrating mind. With this placement you are somewhat compulsively attached to communication and mental pursuits. You have unusually clear and direct communication skills. There is a danger that you may therefore feel yourself to be correct in what you say, in spite of what others may think, but this tendency can be overcome. You should also avoid a tendency to be manipulative in your dealings with others. When you have made some movement toward finding a positive expression for your mental energies, you can be a source of inspiration as you use your powers of insight and expression wisely and responsibly, and share your gift with your fellow-man. The following applies to your generation as a whole as well as to you personally: Pluto in Virgo (or the sixth house) gives a personality with a compulsion to be of service to other people. This compulsion can take the form of activities which are intended to be helpful, but which may not truly be appreciated by the intended beneficiaries. You could also be obsessive regarding health issues, or regarding organizational detail, which is intended to purify the particular activity, but which can become an end in itself. There is a need for transformation in these areas, in order to learn how to be of actual service to yourself and others, such as a career in the helping professions, or working on your own issues in such a way as to regenerate your values and life direction.

Chiron in Aries (5 Ari 59)**Chiron in the Ninth House**

Chiron in the Ninth House (or sign) represents issues with one's vital force of abstracting and understanding universal truth. This placement can lead to high achievement in the scholastic arena, but it may be nagging doubts that you are really good enough that spur you on, rather than a pure love of learning. There is likely to be some form of painful realization surrounding the pursuit of wisdom, or perhaps in the area of philosophy or religion. It may be that parental figures had different notions of what makes the world make sense than you did, but for one reason or another you didn't take them on. Perhaps you were too young at the time for such a challenge, and

now in your adult life you feel the pull of the beat of a distant drummer, but feel ambivalent or not sure enough of yourself to really do anything about it. In your frustration you may even seek to help other people to work out their own concepts of higher knowledge, while you yourself remain stuck in the mud of prior patterns. If so, it is time to shake off the shackles of the past and get on with your individual sense of your own philosophical values and visions. Perhaps by delving into what associations you have with bad models from early childhood, you can begin to more fully and completely inhabit the natural vision that belongs to your higher self. Then you can truly shine in the world of ideas, as you move out from your own center rather than the point of balance represented by other, more alien, philosophies. The following applies to your generation as a whole as well as to you personally: Chiron in Aries (or the First House) represents issues with one's vital force to be, to act, to initiate. With this placement of Chiron, your very sense of who you are may be threatened by disturbing realizations and painful memories. You may have felt belittled and put down in your formative years, rather than encouraged, by the significant adult figures in your life. Even after reaching maturity, you may encounter obstacles that prevent you from reaching your full potential. These difficulties can set up a pattern for failure, in which you operate more from a fear of failing than the expectation of success that breeds confidence for further achievement. One way this may manifest is in terms of acting not in your own behalf, in furthering your own goals, but rather in behalf of the goals of other people, which seem somehow more important or at least get priority treatment. You may keenly feel a lack of achievement in your own life, and compensate by trying too hard to help these others, putting yourself in the background, as it were. As long as these patterns operate more or less unconsciously, they are difficult to overcome, so the first step in surmounting them is to become more conscious of your own pain; acknowledging and discovering more about what exactly went on in the past to make you feel frustrated with your own abilities. At that point you begin to come out from behind your painful experiences and really show yourself. With a more conscious understanding of your own dynamics you can also begin to truly be of help to others, in how they deal with similar issues, as you start to approach them not from a false sense of vicarious achievement, but from a place of true friendship and helpfulness.

N Node in Pisces (27 Pis 51)**N Node in the Ninth House**

Lunar North Node in the Ninth House (or sign). South Node in the third house or sign. This placement gives a thoughtful personality, with a focus on understanding and moral or ethical belief systems. You may tend to scatter your energies, especially when young. In the past, or in past lifetimes, you concentrated your attention on superficial relationships of the everyday world. Now in this lifetime, your purpose seems to be to lift your attention toward higher consciousness. Although curiosity regarding details comes naturally to you, you must learn to see the forest instead of the trees. Your focus now will become more and more the pursuit of higher knowledge and an understanding of the motivations of others that was meant by the phrase "to understand all is to forgive all". A true philosophy of compassion is your goal. Lunar North Node in Pisces (or the twelfth house). South Node in the sixth house or sign. This placement gives you a personality with a focus on spiritual, rather than worldly, concerns. Although the everyday life of

practical matters comes easily to you, you do not find your true happiness in these mundane affairs, but seek constantly to expand your horizons mentally and spiritually to a larger and more inclusive context. This may be difficult, for the pull of everyday life is very strong in you. In many ways it is what you do best. In the past, or in previous lifetimes, you made your focus in refining your abilities in the practical world. At that time you dealt mainly with issues of personal health, or of the welfare of others in small but important ways, focused on worldly existence. Now, in this lifetime, your focus gradually shifts to a higher plane of activity. You find your true happiness not so much in day-to-day routine, but in sacrificing yourself to a higher purpose, to advancing beyond the material world, and in helping others with a true compassion, and a disregard for your own well-being. You find yourself going deep within yourself to bring forth a renewed understanding of how to serve others by giving up your personal egoinvolvement in your actions, and becoming an exemplar of a renewed and more spiritually based society.

You may have experienced your parents as inharmoniously related to each other and also may have a tendency toward argument and conflict in your own interpersonal relationships. understanding of others' suffering. The empathy and the understanding that are gained through life's trials provides the ability to serve as a helper and a healer for others. Since you have come through the fires of difficulty you are likely to be someone with career possibilities in the helping professions. It is often easier to face others' troubles than one's own, and you may even be more ready and available to help others than to help yourself. It is good to integrate your past experiences, no matter how painful they may have been, and no matter how painful these feelings continue to be for you in adult life. With this aspect there are difficulties indicated in relating to the feminine - either significant female presences in your life or else and including your own feminine side. This would be true, and different in its sense, in either a man's or a woman's chart. Of course the important early model for the feminine is mother, and it is likely that there was intelligent communication of wisdom and also

painful experiences between you. If these experiences become so painful that they are suppressed from consciousness, buried deep in your psyche, in your adult life it is important to move past any resentment you still feel, caused by early wounding in your relationship with the female part, or nurturing influence, of your own nature, so that you can begin to move into a more conscious and compassionate reconciliation with your walled off parts. Once you have begun to make conscious any pain and alienation you may feel surrounding events from the long-buried past, you can begin to truly help others as well as yourself, and let your creative side emerge.

Your pride in your mental abilities and education may overshadow your ability to hear other people's ideas. You can therefore be stubborn and difficult to shake from your own opinion. You are in essence an independent thinker with your own way of looking at things, and you may be inspired and even visionary in your outlook.
