

Sun in Gemini (3 Gem 12 02)**Sun in the Eleventh House**

The Sun represents will and purpose, the sense of vitality, and the evolving higher Self. In Gemini it is Mutable-Air, ruling the arms, the shoulders and the lungs. Gemini people are airy and intellectual, glib of tongue and curious about life and about other people. Your ruling planet is Mercury, and Gemini is the sign associated with logical thought process, (based on duality) also communication and the conscious mind. Gemini people can experience two sides of things, and you tend to be flighty, engaging in many varied experiences to gain knowledge. You are witty and have a good sense of humor, and you are likely to be an excellent conversationalist. You make a good teacher. You can be nervous and high-strung, and may be mischievous. Unlike possessive Taurus, you tend toward liberty in relationship. You can be easily bored, but under the control of self-discipline you have tremendous intellectual and artistic possibilities. The Sun in the Eleventh House represents a concentration of one's vital force to belong, to function as part of a group consciousness, and to integrate with the human family. You identify with groups; you find your identity from within the group. You may be drawn to a collective awareness which has a specific social, humanitarian, religious, or political purpose. You may be a member of one specific group or several. In whatever group or groups you choose, you easily align your ideals and sense of purpose with those of the group collective. Surrounding yourself with like-minded people gives you a sense of security and meaning. You may be vulnerable to losing your personal identity to a group cause or belief system. You can transcend this possibility by placing more importance on creating interpersonal friendships in which you can bond with the persons within the collective rather than the common ideals of the collective. Your sense of group awareness lends you to become a leader within groups. Your intuitive awareness of collective needs, wants, and desires gives you a sense of having a mission in life. Whether a formal leader or an influential friend among a group of friends, your awareness of connectivity impacts those in your circles and opens them to sharing common goals and objectives. You are benefited by identifying your unique attributes as an individual and becoming aware of how you fit within a group dynamic in order to identify your uniquely personal purpose within the collective framework.

You may have experienced your parents as inharmoniously related to each other and also may have a tendency toward argument and conflict in your own interpersonal relationships. The empathy and the understanding that are gained through life's trials provides the ability to serve as a helper and a healer for others. Since you have come through the fires of difficulty you are likely to be someone with career possibilities in the helping professions. It is often easier to face others' troubles than one's own, and you may even be more ready and available to help others than to help yourself. It is good to integrate your past experiences, no matter how painful they may have been, and no matter how painful these feelings continue to be for you in adult life. In feeling unfree to assert yourself, you may engage in self-deceptive illusions, or even the use of drugs. You also may have issues with deceptions practiced on you by other people. In order to develop a clearer sense of self, accurate feedback from other people is crucial, so that to avoid these traps, you should strive for utmost honesty in your dealings with others. The other-worldly energy of Neptune must be used wisely. When the proper outlet is found, tremendous creativity is possible, perhaps manifested through artistic channels: music, drama, poetry. Of course the important early model for the feminine is mother, and it is likely that there was intelligent communication of wisdom and also painful experiences between you. If these experiences become so painful that they are suppressed from consciousness, buried deep in your psyche, in your adult life it is important to move past any resentment you still feel, caused by early wounding in your relationship with the female part, or nurturing influence, of your own nature, so that you can begin to move into a more conscious and compassionate reconciliation with your walled off parts.
