

Sun in Libra (27 Lib 48 09)**Sun in the Eleventh House**

The Sun represents will and purpose, the sense of vitality, and the evolving higher Self. In Libra it is Cardinal-Air and rules the kidneys. Your ruling planet is Venus. Libra is the sign of balance and relationship. The Sun in Libra is at the equinox, when day equals night, and similarly Libra strives for harmony between polarizations. Librans are known for their good taste, elegance and charm. You are a seeker of harmony and beauty. Your natural mode of living is in partnership with others. Intimate relationships are quite important to you, as are issues of social justice. You forever hope that all parties to a conflict will be satisfied, and you have a tendency to understand and support both sides of a dispute, which is likely to drive your friends crazy. You will also go out of your way to avoid a quarrel, and you may have a hard time making a decision. An excellent outlet for your love of beauty is in artistic pursuits of all kinds. You benefit from strengthening your will to act in favor of your higher purpose, which lies ultimately in dedicating yourself to humanity. The Sun in the Eleventh House represents a concentration of one's vital force to belong, to function as part of a group consciousness, and to integrate with the human family. You identify with groups; you find your identity from within the group. You may be drawn to a collective awareness which has a specific social, humanitarian, religious, or political purpose. You may be a member of one specific group or several. In whatever group or groups you choose, you easily align your ideals and sense of purpose with those of the group collective. Surrounding yourself with like-minded people gives you a sense of security and meaning. You may be vulnerable to losing your personal identity to a group cause or belief system. You can transcend this possibility by placing more importance on creating interpersonal friendships in which you can bond with the persons within the collective rather than the common ideals of the collective. Your sense of group awareness lends you to become a leader within groups. Your intuitive awareness of collective needs, wants, and desires gives you a sense of having a mission in life. Whether a formal leader or an influential friend among a group of friends, your awareness of connectivity impacts those in your circles and opens them to sharing common goals and objectives. You are benefited by identifying your unique attributes as an individual and becoming aware of how you fit within a group dynamic in order to identify your uniquely personal purpose within the collective framework.

Moon in Cancer (22 Can 23 16)**Moon in the Eighth House**

The Moon in cancer gives a sensitive and caring nature. You are protective of yourself and of others. Your sensitivity to others can be almost too well developed and may include psychic ability. You have a need to be nurturing. There are feelings of vulnerability with this position, and the past or old habit patterns can invade the present. You can definitely be moody. You are very emotional and have a tendency to withdraw from real or imagined injuries. The Moon in the Eighth House represents an intuitive emotional, sensitive, often psychic, connection with deep-rooted emotional experiences. You are naturally intuitive. You may be interested in knowing about subjects concerning mortality, life after death or other issues concerning death. You may be very psychic or have astral experiences because of your interest in after-life states. You have an innate

ability to persevere and concentrate. Your instincts are strong and you can penetrate through deep emotions to perceive other people's motives. You can be emotionally vulnerable, and have a strong need for security. You strive to experience the depths of your being, and are driven by intense love relationships and affairs. You have a strong urge to protect those you love and you are also likely to be a devoted marriage partner or parent. You may benefit from learning how to be more emotionally detached so that you can use your internal awareness in the world beyond personal interrelations.

Mercury in Libra (23 Lib 53)**Mercury in the Eleventh House**

Mercury in Libra gives a positive mental attitude, with terrific judgment and sensitivity. You are a diplomatic speaker, always aware of the effect your words will have on others. You express your ideas with balance and fairness to all sides of an issue. This awareness of all points of view can make it difficult for you to come to a decision, however. You have a highly developed sense of aesthetics. You can also be something of a perfectionist. You want your surroundings to be aesthetically pleasing, and therefore your living space must be neat and tidy. You should beware of being too fussy. Mercury in the Eleventh House represents a strong mental connection between one's inner awareness and that of others, in friendships or in the setting of group associations. Your social motivation is strong, and you strive in your communication and contact with others to advance the cause of humanitarian ideals. You also have an inquisitive and scientific mind, with excellent powers of logic and reason, and an insightful and detached mentality. Your thinking is idealistic, yet also well grounded in reality. You are a good judge of character, and you appreciate the beauty of things in the world, but not apart from their utility and ultimate purpose. You enjoy learning in the company of others who share your interests and curiosities. You are in tune with how people within a collective share and integrate ideas. You are a natural conduit for group awareness, and may find yourself a leader in group communications. You benefit when you can grow and express yourself within the context of larger group or collective.

Venus in Scorpio (25 Sco 12R)**Venus in the Twelfth House**

Venus in Scorpio gives a love nature that is passionate and intense, possibly obsessive or self involved. This placement may prove difficult for you, because the intense passions of Scorpio can be more than the milder love energy of Venus is ready for. You are sensual and passionate in relationships, and tend to relate to even casual contacts on a deeper and more personal level. For you, there is no such thing as a superficial contact with others. You may also appear friendly on the surface while acting selfishly at another more hidden level of your personality. You benefit from curbing the willful expression of your passion. The transformation of Scorpio passion into a more spiritual and caring relationship energy is your challenge. Venus in the Twelfth House represents a deeply felt connection between artistic impulses, basic values, and the spiritual or unworldly. You are poetical and musical, and can also be extremely psychic, and are always ready to take sides with the underdog. You are socially adept, and easy-going, but you may seem to be lacking in strength of character. You are naturally tuned to higher, more spiritual planes, and do not connect well with mundane reality. You expect to sacrifice yourself somewhat, for any love interest you have, and may be the only one

to see the magic in a person nobody else is willing to understand. You also may feel called to express yourself artistically in terms of the hidden imaginal world of your own inner process.

Mars in Libra (0 Lib 45)**Mars in the Tenth House**

Mars in the Tenth House (or sign) gives an ambitious, vigorous and persistent nature, conservative and careful but always able to reach the goal. You generally achieve much, being naturally controlled and a good follower as well as a good leader. Your actions are usually guided by social convention. You are fond of responsibility. You don't speak without a purpose, and can get a reputation as "the strong silent type". You may need to work through issues of pride, or arousing opposition, even hostility from others. You could possibly benefit from practicing to be more unselfish. Mars in Libra (or the seventh house) gives a sensitive, and emotionally impressionable nature that is very involved with other people. You are likely to have great charm and poise, as well as attraction to the opposite sex with this placement. You can be a persuasive talker, and are fond of getting your own way, but you are also truly committed to fairness for all parties to a dispute, and will go out of your way to make sure that it is achieved. You are likely to be a rash and ardent lover, and it is possible that you will marry early. You also may be attracted to the ideal of partnerships generally, and benefit from cultivating self-reliance. You might need to work through quarreling with others as a way of standing up to being overly influenced by them. You will benefit from cultivating moderation and objectivity in your dealings with others.

Jupiter in Scorpio (12 Sco 24)**Jupiter in the Twelfth House**

Jupiter in the Twelfth House (or sign) gives you a quiet and unassuming personality. You are good and kind, very considerate of others, and are friendly and easy-going. You need to feel an emotional sympathy in order for your work to be satisfying to you. You have your own personal code of conduct to which you are true, no matter what public opinion may be, or convention may dictate. You are likely to be fond of cinema, or other imaginative flights of fancy. You may suffer in your life from being overly sensitive to the needs of others, or seek to retire from the casual cruelties of the world at large. There is some danger of escapism. You tend to work behind the scenes, and do not seek personal glorification from your actions, but are content to do what you do because it is helpful to other people. Jupiter in Scorpio (or the eighth house) gives you a shrewd and careful personality. You can also be somewhat secretive. You have good judgment, and a constant sense of what is important to you. Your focus is excellent, and you make a good worker because of it. You have an innate sense of who you are and where you want to be, and that is usually where you will be found. You are passionate and sensual (especially if there is a challenging aspect between Mars and Jupiter in your chart). You are fond of the occult, and you can possess the powers of a healer or mystic. You will likely go through many changes in your life in search of a deeper connection to your own higher power. You should beware, though, of being overly self-indulgent.

Saturn in Taurus (20 Tau 47R)**Saturn in the Sixth House**

Saturn in the Sixth House (or sign) gives an orderly and analytic mind, deepening and

concentrating the mental powers, and the discriminative and critical faculty. You are serious-minded and make an excellent worker, usually in a subordinate capacity. You may have difficulties due to being overly critical, and there is also danger of nervous disorder. You may have an irritable disposition. You are good at handling details, but you tend to worry over inconsequential. You do not shrink from hard work, and are capable of putting extra effort into completing a task you have set for yourself. You may tend to be overly concerned about details of your outer life as a way of compensating for a lack of organization inwardly, and an inner anxiety over physical or mental disintegration. Your lesson is to strive to bring your inner and outer life into harmony by conscious effort in your search for the Self and its movement toward wholeness and integration. The following applies to your generation as a whole as well as to you personally: Saturn in Taurus (or the second house) gives great loyalty, reliability, stamina and persistence, and a deepening or concentration of the desire to possess, both materially and with respect to loved ones. You are conservative financially, and you may be jealous at times. You are traditional in your approach to life, and a lover of art as well as natural beauty, and the beauty of your surroundings. You can perhaps overrate the importance of material things. You may fear poverty or losing your possessions (which may manifest as a desire for more and more which can never be satisfied) or you may try on the other hand to deny the material in an over-zealous attack on "money as the root of all evil". You may have doubts regarding your self-worth. Your lesson is to find your own true inner worth in terms of your character, your high standards, and your service to others.

Uranus in Libra (10 Lib 22)**Uranus in the Tenth House**

Uranus in the Tenth House (or sign) gives an ambitious and willful individual who is rebellious of authority and also somewhat hung up about it. With this placement you are a definite non-conformist. You have a strong imagination and are so sure of yourself that you often cannot be argued out of your opinion, which can be somewhat unique at times. You have the impulse toward prestige and authority, but may find yourself bored with conventional approaches to attain it. You may come into conflict with others over what are perhaps merely ego-gratification issues with worldly success. You do better when your motivation is idealistic rather than for personal gain. Your challenge is to move from a knee-jerk reaction against established authority, or unconsciously seeking the authority of ego gratification, toward establishing your own personal authority, in your own way, to make your vision available to society at large. The following applies to your generation as a whole as well as to you personally: Uranus in Libra (or the seventh house) gives an individual who is independent and original in the expression of artistic impulses and relationships. You are a lover of harmony and beauty, and you express this love in your own unique manner. In other words, you do not subscribe to a conventional sense of the aesthetic, but are always breaking new ground. You are idealistic and philosophical, and you have a restless interest in new forms of stimulation. There can be problems with marriage in that partners may find you alternately affectionate and uninterested. You also bring new concepts to the area of partnership which can help to resolve these difficulties. You are likely to seek a rather unconventional relationship, which allows room for growth on both sides. Your lesson

in life may be the transformation of the partnership energy into a new mode of being that can both serve your own interest as well as enliven and invigorate your partner.

Neptune in Scorpio (29 Sco 26)

Neptune in the Twelfth House

Neptune in the Twelfth House (or sign) gives a gentle compassionate and loving personality. You are extremely sensitive, and may not feel comfortably at home in the physical plane. You are idealistic and self-sacrificing, and probably experience a spiritual longing for connection with some sort of religious ideal. The influence of the past (as well as the influence of your own unconscious process) is especially strong in you. You need to connect with your higher self in order to be happy. You function at your best in service to the world, helping to move it closer to your fundamental vision of spiritual union among all mankind. The following applies to your generation as a whole as well as to you personally: Neptune in Scorpio (or the eighth house) gives an individual with great personal magnetism. You have a subtle intuition and an unusually clear insight into the motivations of others. You also may unconsciously try to control other people, or you could be somewhat unreliable. Other-worldly affairs may interest you more than everyday ones. You are likely to be interested in psychic matters or occult studies, and should beware of glamorizing such studies for the sake of your own ego. You may have a love of sensual pleasures or luxuries. You may have some confusion regarding sexuality or with what is truly desired from relationships. You benefit from applying greater clarity to your personal values, your relation to the material world and other people.

Pluto in Virgo (28 Vir 21)

Pluto in the Tenth House

Pluto in the Tenth House (or sign) gives a forceful personality with a focus on issues of authority, power and control. You may in fact have a compulsion for control manifesting in problems with interpersonal relations or in rebellious attitudes toward established authority, or perhaps in the charismatic personal magnetism of a natural leader. There are however likely to be difficulties inherent in maintaining a position of authority, once achieved. What is needed is a reevaluation and transformation of your urge for power and control, based on a deeper understanding of and more conscious and socially responsible use of personal power. The following applies to your generation as a whole as well as to you personally: Pluto in Virgo (or the sixth house) gives a personality with a compulsion to be of service to other people. This compulsion can take the form of activities which are intended to be helpful, but which may not truly be appreciated by the intended beneficiaries. You could also be obsessive regarding health issues, or regarding organizational detail, which is intended to purify the particular activity, but which can become an end in itself. There is a need for transformation in these areas, in order to learn how to be of actual service to yourself and others, such as a career in the helping professions, or working on your own issues in such a way as to regenerate your values and life direction.

Chiron in Aries (7 Ari 13R)

Chiron in the Fourth House

Chiron in the Fourth House (or sign) represents issues with the vital force of self-nurturing and taking care of those closest to yourself. With this placement you have a

strong drive, even a compulsion, to be centered in home and family, but this desire does not easily find its fulfillment. There may have been painful episodes in connection with early family life; perhaps you had trouble getting settled down to enjoy the comfort that a safe and secure home brings to a child. As a result, you may be even more motivated to having this firm base of security in your adult life than others to whom it is second nature. You may alternate between over-identifying with your family or under-identifying with them, or you may find yourself constantly thwarted in finding this important level of security as you go through life. On a more symbolic level, you are also painfully challenged in finding your own center in a psychological sense. Because of the inherent insecurity of your inner world you may struggle to find yourself, and become easily influenced by others due to lacking your own clear sense of self. Without this base you are more easily unbalanced, and you may find that you move in many different directions emotionally, as the wind blows. You may long for a more secure and comfortable sense of who you are, independent from others' opinions, a place where you can truly be yourself. Part of the problem with connecting to your inner self and externally with home and family, is that the conflict you feel may be largely unconscious in nature, running on autonomously as a result of long-buried experiences too painful to recollect and consciously examine. You may have difficult times with issues regarding home and family as you go through life, until you can become more conscious of these influences, and less easily overtaken by them. There may be conflicts with your mother, or other primary parental figure, that need to be worked through, as you really begin to get in touch with your blocks and difficulties in these areas. Once you begin to nourish yourself and to provide your own parenting, rather than depending on the external world to provide comfort and security, you can come around to being a source of inspiration for others as well as yourself. The following applies to your generation as a whole as well as to you personally: Chiron in Aries (or the First House) represents issues with one's vital force to be, to act, to initiate. With this placement of Chiron, your very sense of who you are may be threatened by disturbing realizations and painful memories. You may have felt belittled and put down in your formative years, rather than encouraged, by the significant adult figures in your life. Even after reaching maturity, you may encounter obstacles that prevent you from reaching your full potential. These difficulties can set up a pattern for failure, in which you operate more from a fear of failing than the expectation of success that breeds confidence for further achievement. One way this may manifest is in terms of acting not in your own behalf, in furthering your own goals, but rather in behalf of the goals of other people, which seem somehow more important or at least get priority treatment. You may keenly feel a lack of achievement in your own life, and compensate by trying too hard to help these others, putting yourself in the background, as it were. As long as these patterns operate more or less unconsciously, they are difficult to overcome, so the first step in surmounting them is to become more conscious of your own pain; acknowledging and discovering more about what exactly went on in the past to make you feel frustrated with your own abilities. At that point you begin to come out from behind your painful experiences and really show yourself. With a more conscious understanding of your own dynamics you can also begin to truly be of help to others, in how they deal with similar issues, as you start to approach them not from a false sense of vicarious achievement, but from a place of true friendship and

N Node in Pisces (1 Pis 06R)

N Node in the Third House

Lunar North Node in the Third House (or sign). South Node in the ninth house or sign. With this placement you have unusually clear and direct communication skills. You are interested in the practical application of knowledge, in helping to bring people together, rather than knowledge simply for the sake of it. In the past, or in past lifetimes, you got far into solitary philosophical concerns. Perhaps religious values were quite important to you. Now your focus is on a more mundane or worldly view, where higher knowledge counts, but only in so far as it is useful in the analysis of day-to-day events and in order to spread the word to others regarding practical life. Although you may be tempted at times to drift off into deeper reflections, your real goal is to be in touch with people, and your mental abilities serve your purpose well. Lunar North Node in Pisces (or the twelfth house). South Node in the sixth house or sign. This placement gives you a personality with a focus on spiritual, rather than worldly, concerns. Although the everyday life of practical matters comes easily to you, you do not find your true happiness in these mundane affairs, but seek constantly to expand your horizons mentally and spiritually to a larger and more inclusive context. This may be difficult, for the pull of everyday life is very strong in you. In many ways it is what you do best. In the past, or in previous lifetimes, you made your focus in refining your abilities in the practical world. At that time you dealt mainly with issues of personal health, or of the welfare of others in small but important ways, focused on worldly existence. Now, in this lifetime, your focus gradually shifts to a higher plane of activity. You find your true happiness not so much in day-to-day routine, but in sacrificing yourself to a higher purpose, to advancing beyond the material world, and in helping others with a true compassion, and a disregard for your own well-being. You find yourself going deep within yourself to bring forth a renewed understanding of how to serve others by giving up your personal egoinvolvement in your actions, and becoming an exemplar of a renewed and more spiritually based society.

(within 0.2 degrees) with Ascendant**

The planetary energies flow smoothly; the connection is easy and beneficial. With this aspect between Chiron and the Ascendant in your chart you are likely to experience painful realizations throughout your own life and have the ability to heal others as well. Chiron is called "the wounded healer" because it represents the archetype of imperfection and loss which when integrated leads to compassion and understanding of others' suffering. The empathy and the understanding that are gained through life's trials provide the ability to serve as a helper and a healer for others. You are more invested in this archetype than most, since Chiron is in a powerful connection with your rising point, symbolizing the self that you present to the world, esoterically your true self. You have probably experienced a certain degree of pain and frustration related to your self-concept, possibly in relation to trauma in your early years concerning parental care or or perhaps similar issues with your peers. These early experiences may have made it hard to accept the love of others in your adult life. It is good to make the effort to connect yourself consciously with any painful events that may be buried in your unconscious, so that these will no longer have so much power over you. You do have a great deal compassion and empathy for others, and you are likely to be someone with career possibilities in the helping professions. You may strongly desire to help other people, and yet be unable to give them the full benefit of your higher self. It is good to integrate your past experiences, no matter how painful they may have been, and no matter how painful these feelings continue to be for you in adult life. When you have made a solid transition from existing in a divided state to a more balanced and integrated whole, you can be of much more actual service to other people, since you are more available to yourself.

You have a high energy level and good intelligence, and are very aware and alert, but you may feel a conflict between your public and private lives or the work you set out to accomplish versus your personal goals. You may have experienced your parents as inharmoniously related to each other

and also may have a tendency toward argument and conflict in your own interpersonal relationships. There is a creative tension in your relationships, and also internally within your own personality, that may lead you to accomplish much in life, through the path of struggle rather than the path of ease and comfort.

You are an independent thinker with your own way of looking at things, and may be inspired and even visionary in your outlook. You have an unusually clear insight into the emotional depths of other people, which may border on an actual psychic attunement with their states of being. You also have the urge to break through the limitations of the parental influence you experienced as a child. You may have experienced controlling behavior on the part of one or both parents, especially your mother, and you may find yourself still involved in the battle for your own autonomy many years later. These struggles can be worked through in your life, beginning with a deeper understanding of what it is you truly need on an emotional level. Your challenge is to transform your sense of insecurity, by coming to terms with your survival issues based on a better insight into your own hidden motivations.

Mars in weak opposition

(within 6.5 degrees) with Chiron

The planetary energies are polarized; outer events stimulate their interaction; integration

is the challenge. With this aspect you have issues around expressing anger, as well as exerting personal will versus knuckling under to authority. You have enormous energy and endurance at your disposal, although you may appear timid or unsure of yourself, since your power urge is likely to be repressed. It may be that you have had many painful experiences with violence, or potential violence, on the part of someone close to you, perhaps in your early childhood. As a result of these experiences, you may fear the power of your own anger, and seek to placate your opponent in situations where a direct confrontation seems to be brewing. This aspect is the hallmark of a "passive-aggressive" attitude, in which there is hidden aggression under-expressed, rather than any form of direct attack. In fact, it is said that those with this aspect are often very good at eliciting angry behavior from others, while their own hands stay clean. This is because those people you come into close contact with may become the projection point for your own hidden violent feelings that you are failing to directly express yourself. It is often the case that the powerful emotions associated with this aspect hover below the level of conscious awareness in your psyche. As you become more aware of these patterns, you will less and less need to act them out either suppressed with passivity, or with bluster. Another manifestation of this aspect, perhaps paradoxically, is the ability to lead and be willful, to not take "no for an answer", to be ruthless in accomplishing one's aims. The willful energy of Mars is given a creative boost by Chiron, both in terms of suffering and in a better-integrated personality, in terms of conquest. A still better level of integration produces the self-assured and powerful personality who does not depend on others either to express his or her own desires, nor to be crushed by them.

You may seek a position of authority, if for no other reason than to be your own master, and then run into the difficulties inherent in maintaining such a position of authority, once achieved. This can work to your ultimate advantage, since the security of such a position can be a hindrance to necessary growth and transformation. What is needed is a re-evaluation and transformation of the urge for power and control, based on a deeper understanding of and more conscious and socially responsible use of personal power.

**Neptune in weak trine
(within 7.8 degrees) with Chiron**

The planetary energies flow smoothly; the connection is easy and beneficial. With this combination of planetary energies in your chart, you may have gone to the depths and back again in your life. You may also be extremely sensitive to the psyches of others, may vicariously experience their pain. Something keeps you out of touch with consensus reality, but you also are not comfortable with this role. It is as if you stand on the other side of a glass door from the rest of society,

through which you alternately gaze longingly and then lose interest and wander away into your own fantasy. You are capable of tremendous spiritual powers once you have begun to work through these difficulties and establish a better sense of where you stand vis a vis the remainder of society. You may exhibit great poetic or musical talent or the empathy of a born healer.
